

WE HOPE YOUR SMILE

Saga Pharmaceutical Co.,Ltd

Greetings

Our company originates from the Hizen Baiyaku (Patent medicine) or Okigusuri (Medicine stored at home for everyday use) business with a history of over 300 years.

The company was established in Kiyama of Saga prefecture in 1950, and since then we have engaged in the manufacture and sales of eyedrops.

We are deeply appreciated to the support of our customers and related people.

I feel that the interest in the eyes health is growing every day by environmental change on a global scale, and also the change of people's lifestyle.

Now also, we will be working on the development and manufacture of highly safe drug with high quality in order to deliver healthy moments to many customers as possible.

Our all employees will continue to work together activities with the aim of further growth.

I do hope you will give me further guidance and encouragement in the future.

Saga Pharmaceutical Co.,Ltd
Chairman CEO Keigo Fujita

Products

Berrobin EX

Volume 15 mL

Color Clear yellow
